# ナイツ&マジック

Knight's & Magic

Today, I'd  
like to welcome  
everyone to this  
school.

As those  
who will protect  
the Kingdom of  
Fremmeltira, I'd  
like you all to  
endeavor in both  
the pen and the  
sword.

Welcome...

To the  
Laihiala Pilot  
Academy.

CHAPTER 3 "LET'S ENROLL IN THE ACADEMY"

# ナイト&マジック

A top class  
academic institute.  
The pride and joy of the  
Kingdom of Fremmevira,  
"The Land of Knights".

Laihia Pilot  
Academy

School courses  
vary broadly from  
agriculture to trade to  
craftsmanship.

The Academy encompasses  
elementary school to high  
school, with students ranging  
from 9 to 17 years old. All  
students may be admitted  
regardless of social status.

Among these  
is the pilot training  
department, which trains  
students to be "Knight  
Runners". The Knight  
Runners are mobilized for  
missions such as demon  
beasts suppression.

It's not an  
exaggeration to say  
that this particular  
department was the  
cornerstone of this  
kingdom...

Make  
one...? By  
yourself? A  
Silhouette  
Knight?

Mechas  
are made for  
customizing! And  
even more so  
for a private  
unit!

IF THERE  
ISN'T ONE  
THAT FITS, I  
JUST NEED  
TO MAKE ONE  
THAT DOES! A  
SILHOUETTE  
KNIGHT FOR  
ME AND ME  
ALONE!

Ien't  
building a  
Silhouette  
Knight really  
hard, though?

How  
should I  
put this?  
He does  
whatever  
it takes to  
reach his  
goals.

What  
an idiotic...  
well, I guess  
I can't really  
say that in  
Erie's case.

Ehehehe

hehehe

Eru-kun  
looks so  
excited.

Right?  
But...

Actual-  
ly, isn't it  
harder than  
just riding  
one?

The joy  
of building  
them.

Yes.  
I understand  
it.

Yes, I'm so  
excited I don't  
know what to do  
with myself.

*I get to  
build one  
again...  
A real one  
even...*

I have an  
exciting new  
objective!

Anyway,  
thank you,  
Aoki!

Well, it's  
you we're  
talking about.  
I get the feeling  
you're going to  
make something  
outrageous.

Uhh, that  
would be  
trouble-  
some.

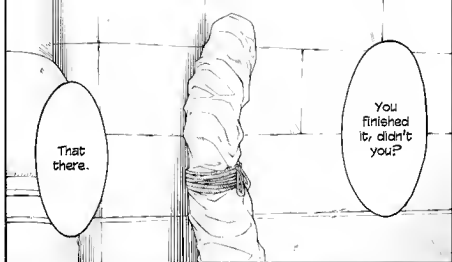

NO PROBLEM!  
JUST BE MY  
BODY PILLOW  
FOR A DAY!

That's  
right... Now  
that you  
mention  
it.

You  
like making  
things, don't  
you, Eri-  
kun?

They're both knight's weapons, but I thought putting them together would be much easier to use.

**SWORD MAGIC**

It's a combination sword and staff.

...What  
is this?

If it's something for "aiming and shooting targets", I'm more familiar with this:

3

So I  
can aim  
like this.

Would something like this work?

Hmm... But why this design?

Hello.

Pops.

What's this? What you boys are talking about sounds interesting.

**Sneak**

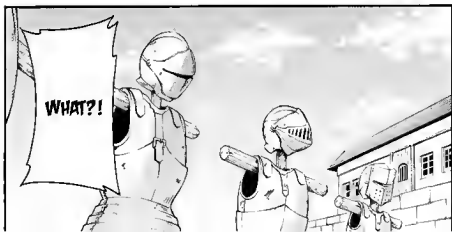

What do you think? A simple one is fine. Do you think you can make a prototype?

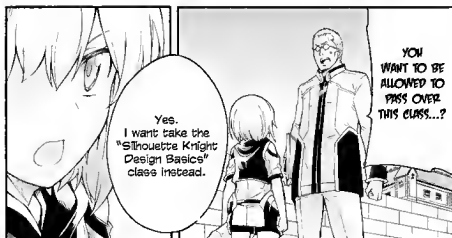

Wang et al.

Familiar,  
huh...

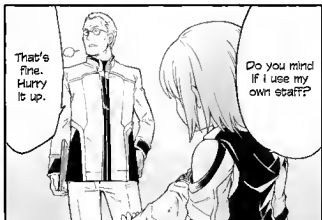

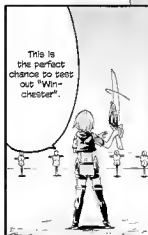

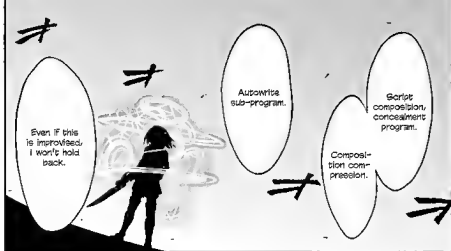

H-He can use a middle-level spell at this scale...?!

[MULTIPLE]  
PIERCING  
LANCE

I'll finish off with  
a high-level spell  
as promised...

This  
design was  
right after all...  
It's smooth  
going from  
"shooting" to  
"slashing".
